The Woodstock Artists Association & Museum Announces
European Landscapes and Landmarks from the Permanent Collection
May 1–August 9, 2026
Opening Reception: Saturday, May 2, 4-6pm

(Woodstock, NY) – The Woodstock Artists Association & Museum (WAAAM) is pleased to announce *European Landscapes and Landmarks from the Permanent Collection*, on view May 1–August 9, 2026 in the Phoebe & Belmont Towbin Wing. This exhibition presents a selection of 27 artworks from the permanent collection, including paintings, prints, drawings, and photographs depicting familiar European vistas and historic sites. WAAAM will host an opening reception celebrating a new round of exhibitions throughout its galleries on Saturday, May 2, from 4–6pm.

Set in France more than anywhere else, the works on view reveal the variety and beauty of the continent through the eyes of Woodstock artists who captured hills, lakes, mountains, and monuments of many countries. Highlights include Ernest Fiene's meticulously detailed lithograph of *Notre Dame* (1929), Eugenie Gershoy's charming rendering of a Paris market (1932), Rosella Hartman's color lithograph homage to the canals of Venice, and George Copeland Ault's tonalist oil painting *Haystacks in Sunlight and Mist* (1911), perhaps a reference to Monet's iconic haystack series. Together, these works offer a compelling glimpse into how Woodstock artists engaged with and interpreted the enduring allure of Europe's landscapes and cultural landmarks.

This exhibition is curated by Nicole L. Goldberg, Executive Director.
